

NEW YORK MANAGED DENTALGUARD BENEFIT – GENERAL DISCLOSURES

For more detailed information regarding your dental benefits or any other assistance regarding your dental plan, please contact us at the telephone number on your ID card or contact your employer.

BENEFIT OVERVIEW

Depending on the Dental Benefit Plan elected, your plan may include coverage for dental examinations, cleanings, fluoride, fillings, crowns, implants, and orthodontics. Some plans may have coverage for procedures that would require review for medical necessity, and procedures which may require prior approval from your plan. There are no claim forms to complete, no deductibles and no annual maximums.

NETWORK PROVIDERS

Each member will be assigned to a primary care dentist of their choice. A member's primary care dentist is responsible for coordinating all dental care and providing all covered services. Upon referral by your primary care dentist, certain services may be eligible for referral to a contracted specialist.

A list of primary care dentists can be located at guardianlife.com by selecting 'Find a Dentist'. You may also contact us directly at 1-888-482-7342 for further assistance.

PREMIUMS

For your insurance coverage to begin and remain in place, the required premiums must be paid. We worked with your employer to decide how and when the premium payments must be made. Please contact your employer to verify details regarding your financial responsibility for premium payments.

COPAYMENTS & PLAN LIMITATIONS

You may have to pay a copayment each time you receive a service that's covered by your dental plan. Some services may be subject to benefit limitations, additional conditions, and exclusions.

Patient charges, benefit limitations for covered services, and exclusions can be located in your plan booklet. You may also contact us directly at 1-888-482-7342 for further assistance.
